### **A LETTER FROM OUR PRESIDENT**

Larry Slight

Greetings,

As our Council members should recognize, the ballots for voting on the Amendment to the By-Laws have been sent out. If you are a Council member and have not received a ballot, the reason is probably because the Membership Chairperson has the wrong ad-

dress for you. A change of address form is accessible through the Socisite e t y w e b www.clanwallace.org/member/mbr update.php. The Board of Directors request that each Council member review the current By-Law as described on the web site, the proposed changes and vote.

In June, the Nomination Letter for the positions of Director on our Board will be sent out. The period of July 15-30 is the time for sending nominations to the Election Committee. Those nominations should not be sent in either prior to July 15 or need further information, please after July 30. There are two positions on the Board up for reelection and one position open for election, however, all three may have nominations. Voting for Directors for the 2015-2017 terms will be held in August and September.

Also in June, the Society will be represented at the Bannockburn 700 celebration in Stirling, Scotland. There is planned to be a two day event, June 28-29, for a number of events being held to commemorate the battle between King Robert I of Scotland and King Edward II of England. There will be a Clan/Family village, music, storytelling, battle reenactment, encampments, food and cross-section of society hoping to celebrate both modern and old Scotland. We will be visited by Andrew Wallace, Younger of that Ilk, our Acting Chief and heir to our Chief, Ian Francis Wallace. We hope to see many Clan Wallace Society members at our tent in the Clan Village. I understand that the Scotland Wallace Lawrence Slight Tour is sold out and preparations are being finalized for the trip. If you

check the web site.

The Society has a current need for a webmaster to oversee and update our Clan site on the Internet. If anyone who has the knowledge to support our site wishes to volunteer, please contact any member of the Board of Directors. Any member, Council, Life or Annual can be considered and will be welcome.

Finally, I wish to thank all members of the Society who have attended those festivals and games held so far this year and offer my invitation to all members to do so in the future. Every Convenor of the Clan Wallace Society who sets up at festivals and drink and will be drawing a large games should provide the dates and places to the Webmaster so that information can be placed on the Clan Wallace site for all members.

Larry.

The clash was said to have left Wallace in charge of Glasgow Castle, which was demolished in the 18th Century, and according to one account he "carried off all [the bishop's] furniture, arms and horses." Two months afterwards, Wallace led Scottish forces to a pivotal victory at Stirling Bridge.

A Glasgow council spokesman confirmed permission had been granted. "This is for the site behind the garden at the Provand's Lordship, Glasgow's oldest building."

The last monument created in Scotland to Wallace was 17 years ago in the car park of the Wallace Monument, Stirling. Critics complained the statue looked like Mel Gibson from Braveheart.

### WALLACE'S SWORD BACK ON DISPLAY

Submitted by Wayne Jones

The Wallace Sword is Returned Newly Refurbished the National Wallace Monument.

Historian David Caldwell carefully examines the Wallace Sword, recently returned.

One of Scotland's most treasured national icons, the legendary Wallace Sword, has been reinstalled in its home at The National Wallace Monument following a period in secret storage. The 5'4" sword has been moved from a location shrouded in secrecy where it was guarded 24 hours a day and has been reinstalled at the Monument by renowned historian and weapons expert David Caldwell. The sword has once again become the center piece of the Monument's artifacts, as it takes up residence in The Hall of Heroes. As the sword is considered to be an irreplaceable national treasure, during the tower's refurbishment, it was kept under guard in an undisclosed location.

completed. The recent refurbishment ment 150 years ago. of the Monument includes the use of an illusionary technique with mirrors and reflective glass to make characters appear and disappear in the presentation of a new film in which Wallace and Andrew de Moray discuss the Battle of Stirling Bridge, reflecting on Scotland's victory and the country's future. The battle was a turning point in Scottish history as it marked the start of Scotland's successful campaign for independence, ultimately achieved after the Battle of Bannockburn which is commemorated by its 700th anniversary this year.

The National Wallace Monument, which is one of Scotland's year round attractions, draws over 110,000 visitors every year and was opened again to visitors from 10am on Saturday 5th April. William Wallace led the Scottish rebellion against Edward I in 1297 and inflicted defeat on the English army at The Battle of Stirling Bridge. He is remembered as a Scottish patriot and national hero.

Commenting on the reinstallation of the sword, Zillah Jamieson, Chair of Stirling District Tourism, emphasized the significance of the event, "As the safely recovered and returned. sword is of such historic value and has so many remarkable tales woven in to it, the utmost care had to be taken to securely safeguard it and deliver it safely back to its home. Stirling will be in the spotlight in 2014 and we want to ensure that the reinstallation of the sword pays an appropriate tribute to Scotland's national hero and to the part Wallace played in shaping Scotland."

It has been installed in its new display case in the Hall of Heroes gallery which focuses on the story of Wallace and how he came to be acclaimed as Scotland's first national hero. The legendary broadsword is the centerpiece of the gallery, proudly displayed on a

> Cherished as a treasure of the Scottish nation, Sir Walter Scott described the sword as "Fit for archangel to wield, yet light in his terrible hand". The sheer size of the sword at just over 5 foot 4 inches suggests that Wallace must have been unusually tall and strong. Estimates put him at about 6 foot 6 inches, or about 2 meters tall. Legend even has it that Wallace once made a belt for this sword from the skin of his great enemy, Hugh de Cressingham, who was slain in the Battle of Stirling Bridge.

> The sword's history is as significant as that of the Stone of Destiny. It is said that after the capture of Wallace, the sword was taken to Dumbarton Castle where it was kept for almost 600 years. Despite protests from the people of Dumbarton, in 1888 the sword was installed in The National Wallace Monument with great pomp and ceremony. In 1912 the case containing the sword was broken by a suffragette called Ethel Moorhead to highlight the struggle to obtain votes for women and it was stolen in 1936 and again in 1972, but on each occasion it was

Bv Bob Wallace

It is becoming increasingly clear that research done via the Internet requires In recent months, occasional searches

posting this or that story on the Internet, historic or otherwise, frequently include terms for places that were not in existence during the period of time to which their story relates. This applies to historic events and people as well.

Case in point: calling a countryside "Scotland" at a time when it was populated with various groups of peoples known as Caledonians, Picts, or Scotti, the land where each group lived, comes nowhere close to being called Scotland at

### **REWARDS PROGRAM HAS MANY BENEFITS**

By the Editors

As many of you know, the Clan Wallace Society - Worldwide was incorporated on April 5, 1966, under the Non-Profit Corporation Act of the State of Texas. It is a private corporation worldwide in its operations. The purposes for which the Corporation is organized are educational, with particular reference to the following:

- ◆ The history of Scotland, its public figures, such as Sir William Wallace.
- ◆ Its Clans and the heritage and achievements of those claiming Scot descent.
- Reprinting of articles and books out of print concerning the history of Scotland, its Clans and the heritage • 2009: and achievements of those claiming Scot descent; and with particular reference toward the collection, restoration, and preservation of places and objects of interest, particularly to the Clan and Family of Wallace.

It is expressly provided that the result of any related project shall never benefit private individuals directly.

The Clan Wallace fulfills these goals through money collected for membership fees and donations made to the Rewards Program. The first project was the purchase of six bronze (colored) complete the plates to Monument in Elderslie, the main reason CWSW was formed in 1966. The plagues were placed in 1970. The four Wallace books were also reprinted. Following is a list of the more recent projects. ◆ 2009: Donated \$2,000 to help build the Memorial to Scottish Immigrants in Philadelphia, PA.

- Donated \$500 to the Society's adopted Pipe Band, The High Desert Pipe Band of Albuquerque, NM. This is an ongoing annual donation that is matched by Past-President Marcus "Jim" Wallace.
- ◆ 2009: Donated \$144 to plant 10 native trees in an area called Teaghlach Wood, near Comrie in Highland Perthshire, Scotland. This project was part of an overall effort called "Trees4Scotland" created to plant 100,000 trees to restore the great forests of Scotland. CWS was recognized with a certificate that can be seen on the CWS website.

> donation of \$500 to Lyon College's Scottish Heritage Program in Batesville, AR. Scottish Heritage scholarships are awarded to pipers, drummers, Highland dancers, Scottish fiddlers, and accordion players that can contribute to their Ceilidh band.

2012: Began an ongoing annual donation of \$400 to the Ellen

(Ashby) Payne Odom Genealogical Library in Moultrie, GA, where the Clan Wallace Society - Worldwide and 130 Scottish clan organizations store their historical records. This donation is being matched by Past Executive Vice President, Wayne Jones.

Indeed, the Rewards Program was developed to give members the opportunity to help accomplish these projects and show their support and entrepreneurial spirit. Donations of any size can be made. They can be tailored to an individual's ability to give over any time period, and they are taxdeductible.

When donations are received, they are recorded in personal accounts. When a person makes additional donations they are recorded in that personal account, and they receive the appropriate Rewards. Rewards are provided as each Reward Level is reached. Donations that exceed other Reward levels will result in the higher Reward.

Contributors will receive a letter from the Society Treasurer acknowledging their contribution, notice of the amount that is tax deductible, a Certificate, and a citation of CWSW's Tax Exempt status. They will also receive a Letter from the President congratulating them on their Reward and receive Newsletter publicity.

A tiered level of rewards was developed to thank contributors. The table outlining the Reward Levels, pins and medals that will be given to contributors can be found on the CWS website at www.clanwallace.org. Click on Rewards Program to view the tiered level of rewards that can be achieved. The top three Rewards Level Certificates are attractive, dignified and suitable for display and hanging. The Presentation Boxes for the Knight and Sir William Wallace level Awards are an attractive style appropriate for the prestige of these awards.
